Re: 4650 Sand, Reservoir A  
Source Petroleum, Inc.  
Half Moon Lake Field  
St. Bernard Parish, Louisiana

Dear Sir,

Source Petroleum, Inc. is proposing to drill the Lake Eugenie Land & Development Co. State Lease 17002 No. 1 in an area claimed by both Lake Eugenie Land & Development Co. and the state of Louisiana under State Lease 17002 as shown on the attached plat. The Lake Eugenie Land & Development Co. property appears to have been severely eroded back from the State Lease 2220 boundary, allowing the formation of State Lease 17002. The Lake Eugenie Land & Development Co. lease will expire on August 1, 2003, and therefore, it is respectfully requested that a waiver of the pre-application notice under Rule 8 of the Rules of Procedure and permission to file an application immediately, be granted to Source Petroleum, Inc. Such permission if granted will prevent the undue hardship of that lease expiring prior to the formation of the proposed unit should the State Lease 17002 be determined to be the superior lease at a later date.

If any additional information regarding this matter is needed, please advise.

Sincerely,

Anthony S. Carollo, Jr.
